

SAMSON 成功入选控制网读者评奖的控制阀单项奖

在控制网 (WWW.CONTROLGLOBAL.COM) 2010 年 1 月发布第 18 届控制读者评奖的控制阀单项奖中, SAMSON 公司成功入选, 名列控制阀全球第四名(见附图)。

2010 Control Readers' Choice Awards

Of Valves and VSDs

The crucial last link in any automated process control loop is of course the final control element. Measurements can be taken and control decisions made—but all unravels if those decisions are not effectively and reliably translated into final action. Primary among the process industries means of affecting process control are the position of a valve or the direction and speed of an electric motor.

For the Control Valve itself, top spot in this year's Readers' Choice Awards goes to Emerson Process Management, primarily on the strength of its Fisher brand.

Runners up Flowserve, Dresser Masoneilan, Samson Controls and Metso Automation were often mentioned as well. In the category of Pneumatic Actuator, Emerson also carries the day, but cedes Electric Actuator to Rotork Controls.

In the category of Variable-Speed Motor Drive, Rockwell Automation was ranked most highly in this year's Readers Choice Awards polling, with global players ABB, Siemens, Yaskawa, GE, Danfoss and Schneider rounding out the top spots.

Control Valve	Pneumatic Valve Actuator	Variable-Speed Motor Drive
<ul style="list-style-type: none"> 1. Emerson Process Management 2. Flowserve 3. Dresser Masoneilan 4. Samson Controls 5. Metso Automation 	<ul style="list-style-type: none"> 1.
